**Overview:** Community Care Plan began the Member Rewards program in March 2017. Members were notified of the program during onboarding calls, member flyers, CCP website, direct outreach calls, case managers, member services, and texting campaigns. As of March 2019, an added step was implemented that members had to call, fill out the online form at [ccpcares.org/healthyreward](http://ccpcares.org/healthyreward), or email ([ccpreward@ccpcares.org](mailto:ccpreward@ccpcares.org)) to receive the award. This encouraged engagement and afforded the health plan an opportunity to engage the member in added services such as care coordination, preventive health reminders, and enrollment into other healthy behavior programs such as obesity, smoking cessation, and/or substance use disorder. In June 2022 CCP added an incentive for Follow Up Visit After Behavioral Health Admission. The Follow Up Visit After Behavioral Health Admission reward does not have the call or email component. In October 2022, CCP added the Healthy Behavior for Health Risk Assessment and Health Risk Assessment with MyChart Enrollment and December 2022 a web form

option to report a Healthy Behavior was added to the CCP website. In June 2023 CCP added an incentive for Postpartum Care between seven days (7) and seven (7) weeks after their baby is born.

CCP has incentive rewards in place for:

- Pregnancy: Complete timely prenatal and postpartum visit and postpartum visit only
- Well Child Visits: Seven completed visits in the first 15 months of life and annual well visit ages 2 – 19
- Well Adult Visits: Annual well visit ages 20+
- Diabetes: Annually complete hemoglobin A1c, urine for microalbumin, and dilated eye exam
- Substance Use Disorder
- Tobacco Cessation
- Obesity Management
- Follow Up Visit After Behavioral Health Admission
- Health Risk Assessment
- Health Risk Assessment with MyChart Enrollment

The reward amount differs based on the complexity of the healthy behavior. For the Healthy Behavior Programs that are not being utilized, CCP is looking into ways to increase participation.

Behavior	Incentive Amount	Goal	Enrolled in Program / Participation	Evaluation
----------	------------------	------	-------------------------------------	------------

## Healthy Behaviors Evaluation 2023-2024

Pregnancy	\$50.00	Complete timely prenatal and postpartum visit	11/11=100%	With a HEDIS CY 2023 Pregnancy population of about 700, the participation rate for the pregnancy incentive is extremely low. Pregnancy participation almost tripled from SFY 2022-2023 to SFY 2023-2024. CCP is evaluating our messaging strategies to our Pregnant members to increase the participation going forward.
Pregnancy	\$20.00	Complete timely postpartum visit.	9/9=100%	With a HEDIS CY 2023 Pregnancy population of about 700, the participation rate for the postpartum incentive is extremely low. Since this is the first year of the Healthy Behavior, CCP will continue to evaluate messaging strategies to increase participation.
