Dear New Member:

Welcome to Community Care Plan (CCP)!

We are happy to have you as a new member and want to give you access to high quality health care and superior customer service. To help you make the best use of your benefits, here is some useful information.

This Welcome Kit includes:

- **Member ID Card (Remove the card and place it in a safe place)**
  - Your effective date of enrollment
  - Your Primary Care Provider (PCP) information can be found on the ID Card. If you would like to change your PCP, please feel free to call, write, or email us.
  - To help you get the best medical care, you should call your PCP right away to let them know that you have a new health plan. Also, if you have not had your annual wellness visit in the last year, you should also schedule an appointment with your PCP.

- **Privacy Notice (This is for you to read and keep)**

- **Health Risk Assessment (Please fill out the survey and return it in the envelope provided)**
  - To help you live a healthy life, please fill out the Health Risk Assessment (HRA), even if you are in perfect health. This simple survey only takes a few minutes to complete.
  - Your answers will be kept private, but they will help our nurses find the best programs and services for you.
  - When you are done, please put the HRA and Medical Release Form inside of the free self-addressed envelope provided to you.
  - If you need any help filling out the survey, please call our Member Welcome Team for help.
  - If you choose to complete this form electronically, it is available on your MyChart Member Portal any time for your convenience.

- **Medical Release Form (Please fill out the form and return it with the HRA in the envelope provided)**

Open Enrollment and Lock-In

Once you are enrolled with CCP, you have 120 days from the date of your first enrollment to try CCP. You can change plans for any reason in the first 120 days. After the first 120 days, if you still have Medicaid, you will be enrolled in the plan for the next eight months. This is called a “lock-in”.

The state will send you a letter 60 days before the end of your enrollment year telling you that you can change plans if you want to. This is called “open enrollment”. You do not have to change plans if you do not want to. If you choose to change plans during this time, you will begin in the new plan at the end of your current enrollment year. If you pick a new plan or if you stay in the same plan, you will be locked into that plan for the next 12 months. Every year you may change plans during your 60-day open enrollment period.

If you want to change plans after the initial 120-day period ends or after your open enrollment period ends, you must have a for cause reason to change plans. Below are the state-approved for cause reasons to change plans:

You do not live in a region where CCP is authorized to provide services

- Your doctor is no longer with CCP; You are excluded from enrollment
- A substantiated marketing violation has occurred
- You live in and get your Long-Term Care services from an assisted living facility, adult family care home, or nursing facility provider that was in our network but is no longer in our network.
- You are prevented from participating in the development of your treatment plan/plan of care
- You are in the wrong Managed Care Plan as determined by the Agency
- CCP no longer participates in the region
- Services related to your needs to be performed concurrently, but not all related services are available within CCP network, or your doctor has determined that receiving the services separately would subject you to unnecessary risk
- CCP does not, because of moral or religious objections, cover the service you seek
- You missed open enrollment due to a temporary loss of eligibility
- Other reasons per 42 CFR 438.56(d)(2) and s. 409.969(2), F.S., including, but not limited to: poor quality of care; lack of access to services covered under the Contract; inordinate or inappropriate changes of Doctors; service access impairments due to significant changes in the geographic location of services; an unreasonable delay or denial of service; lack of access to providers experienced in dealing with the Member’s health care needs; or fraudulent enrollment.
- The state has imposed intermediate sanctions upon CCP, as specified in 42 CFR 438.702(a)(3)

If you lose your Medicaid benefits, you will be dropped from CCP. If you get your Medicaid benefits within 180 days, you will become part of CCP again. To get more information about your Medicaid enrollment, you may also visit the AHCA enrollment broker.

- Their website is www.flmedicaidmanagedcare.com.
