

Carisk Behavioral Health 10685 North Kendall Drive, Miami, Florida 33176 • 305-514-5200 • 305-514-5201 Fax

Dear Primary Care Physician:

Carisk Behavioral Health (Carisk) is the managed behavioral health care organization that manages the behavioral health benefits for the Community Care Plan (CCP) Managed Medical Assistance (MMA) members in South Florida. As a CCP MMA partner, Carisk is committed to providing enrollees with the assistance, guidance, information and resources that they need to successfully address any behavioral health issues.

We would like to offer our assistance in screening and providing assistance to the CCP MMA members you care for, who may be at risk or are showing early signs and symptoms of any behavioral health conditions. Carisk has a Care Coordination team comprised of licensed, master's level practitioners that can guide your patients to the necessary resources and support. Carisk also has a dedicated Complex Case Management team, with highly-experienced psychiatrists and other behavioral health professionals. This team is available to you for consultation on any CCP MMA cases that require extensive coordination due to high-risk co-morbid conditions, including mental health and/or substance use disorder concerns.

Carisk has a network of over 1500 behavioral health providers including psychiatrists, psychologists, psychotherapists, community mental health centers, treatment programs, and acute care facilities.

If you have any questions regarding this outreach letter, or if we can help you or your patients with behavioral health resources and referrals, please do not hesitate to contact Carisk.

Our telephone number is 1-800-294-8642 or 305-514-5300, option 2, option 1.

Sincerely,

Clinical Services Department
Carisk Behavioral Health
