CORE ELITE FORMULARY

January 2027

Formulary Exclusion Drug List

The excluded medications shown below are not covered on the Core Elite Formulary. This list is used as a guide and is not all-inclusive. It may be subject to change as Core Elite Formulary is periodically reviewed and updated. Talk with your healthcare provider and consider filling one of the covered drug alternatives. If the non-covered drug is deemed medically necessary and you or the healthcare provider would like to request an exception, a prior authorization is required. If approved, the drug will be covered at a pre-determined cost-sharing level.
