### Can Providers from New Counties Join Our Network?

Absolutely! We welcome providers from the expansion counties to join our network. To become a CCP provider, please visit the [Become a Provider \(ccpcares.org\)](https://www.ccpcares.org) page on our website to begin the process.

### Agreement Execution for Signed Providers:

For providers who have already signed agreements with CCP, be assured that agreements will be executed as providers become credentialed. Once credentialing is complete, you will receive a copy of the executed agreement and onboarding notice.

### Credentialing Timeline:

We understand the importance of timely credentialing. We are actively working to expedite the credentialing of all providers and our goal is to have all providers credentialed by October 2024.

If you are a currently contracted provider group and wish to credential additional providers, please contact [ccp.provider@ccpcares.org](mailto:ccp.provider@ccpcares.org).

### Effective Date of Agreements:

To ensure a smooth transition and alignment with our operational timelines, agreements for the expansion regions will be effective on January 1, 2025.
